2 From the President, Bangalore City Municipal Council No 125 dated 8-12-09.

4 Requests sanction to the Municipal Council's resolution reconstituting the the City Improvement Committee

5 The revised Committee contains the names of 12 Councillors against 9 in the original Committee The object of appointing the Committee was to draw up a scheme of improvement for the consideration of Govt To do this work Govt at first suggested that the strength of the Committee should consist of only 4 or 5 Councillors The number now suggested by the Municipal Council for forming the Committee seems to be rather unwieldy

Draft put up.

It is submitted that the Vice-Pres[t] was not a member of the Committee sanctioned in the G.O of 4-12-08 In the first letter the Pres[t] had not included the Vice-Pres[t] in the list of members but had included the Municpl Engineer In his revised proposal, based on the Municpl Councils' resolution, he has omitted the Municpal Engineer and has substituted the Vice-President. It is not clear whether it is necessary to have both the President and the Vice-President on the Committee.

It is also submitted that the object of appointing the committee was with a view to draw up a scheme of improvement and submit it for the consideration of Govt

Much stress was laid on the relief of Congestion in the old City was laid much stress upon. To attend to this work, it seems desirable to have on the Committee, a majority of gentlemen at least among the non-official members living in the old city. But the list shows that the majority are living in the Extensions.

Ref -Govt Pros No 1289-90/M1 347-06-4 dated the 4th August last, calling for the submission of a scheme for the improvement of the City

- - - - - - -

With reference to the above, I have the honour to state that the members appointed to form a Committee met on three occasions for the inspection of the congested localities in the City and to devise means to improve them They were of opinion that unless a detailed map of the City was first got ready, no work could be taken up on hand and proposed that one prepared by essrs Standish Lee and D Ranga Rao be obtained from the Sanitary Department for the present

On an application to the Chief Engineer, the plan has just been received It will be circulated among the members of the Committee and the action taken in the matter will be duly communicated

I have the honour to be
